

NexImmune Management to Attend Upcoming Conferences

May 30, 2018

GAITHERSBURG, Md., May 30, 2018 (GLOBE NEWSWIRE) -- NexImmune, an emerging leader in the field of antigen-directed immunotherapy, today announced that the company will be participating in the following conferences:

- Jefferies 2018 Healthcare Conference in New York City. Scott Carmer, Chief Executive Officer will be presenting a company update;
- 2018 BIO International Convention in Boston. Kristi Jones, Chief Operating Officer, will attend and host 1x1 meetings and partnering discussions.

About NexImmune

NexImmune is a biopharmaceutical company with a mission to help cure cancer by directing T cell function using precision technology and personalized therapeutics. The Company's proprietary AIM Technology uses artificial Antigen Presenting Cells (aAPC) to generate highly targeted T cell-based immunotherapies. In preclinical studies, aAPC have demonstrated the ability to clear established tumors by expanding antigen-specific T cells when injected directly (in vivo) or when used as part of an ex vivo cellular expansion system.
